

How to access photos taken during our 2022 Annual Ceremonial Review

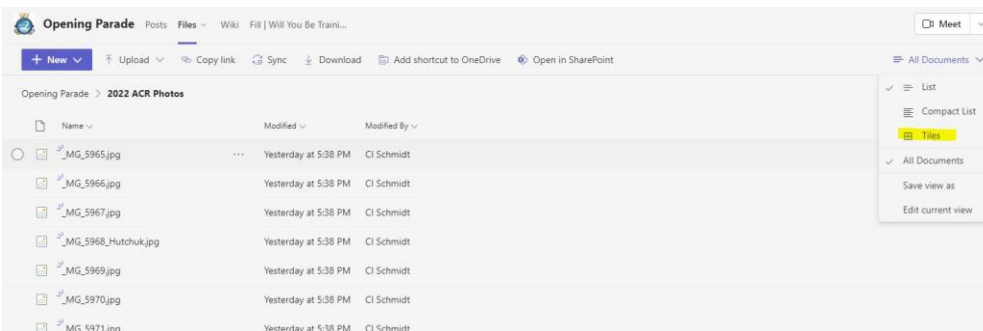

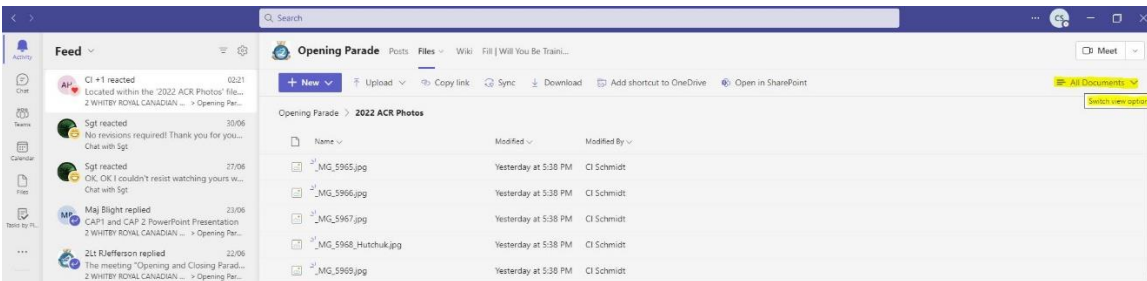

The photos captured during our 19th Annual Ceremonial Review held on 15 June 2022 are now available to view and/or download by logging in to our 2 VandenBos MS Teams virtual meeting platform (the one we used when holding virtual training sessions).

Note to those who've recently logged into Cadet 365, you'll need to log off that server and onto your 2 VandenBos one, just like you would've to sign in for virtual training during this past autumn and winter.

Once you've logged in to **2 Squadron's MS Teams** virtual training and meeting platform, go to the **Opening Parade channel**, then select **'Files'** (the default brings you to 'Posts') and double click on the file folder named **'2022 ACR Photos'**.

Tip: It may be easiest to change your viewing options from 'All Documents' to 'tiles' to view them more easily/enjoyably, as there are 312 of them. Between the video and the photos, we've done our best to showcase all of our VandenBos Cadets.

Cadets, please help your Parents/Guardians by logging in to your MS Teams account for them to view the photos, as they currently don't have access to view them otherwise.

Hoping that you all enjoy this photo album of our 19th ACR. Please feel free to download those images that include yourself/your Cadet for your personal photo albums.

Wishing you incredible summers ahead!
CI Schmidt
